## Chairman's Message:

Dear Stakeholders,

I hope that you, your families, and loved ones are safe and doing well. I write to you amidst uncertain times. The global spread of COVID 19 and India's lockdown have created an economic environment filled with uncertainty and risk. Our first priority has been to ensure that our workforce is safe

Our earlier stated medium-term goals – to consistently be among the leading developers by value of residential real estate sales in our core markets. Despite the continued disruptions the real estate sector has faced including the current pandemic, we believe we are on track to achieve these goals.

While the end of the year saw significant disruption due to the lockdown at the end of Q4 FY20, I'm happy to share that on the whole, FY20 was another strong year for your company.

The progress in market share gains has been encouraging, and combined with sustained momentum in new project additions, puts us on track for the first of our two medium term goals. Here again, we believe we remain on track and that the combination of higher sales volumes, greater share of profits in each project, faster construction timelines, and strong customer satisfaction will get us to this objective.

Unfortunately, there have also been some negative external factors, which do impact the timing of achieving this objective. Ind AS project completion accounting introduced in FY19 ensures financial results trail operating performance by 2-3Years, while preparing us extremely well to benefit from the consolidation underway in the sector, lowers short term ROEs. The national lockdown and reverse migration of construction labour has been another significant disruption that is likely to delay construction timelines, and therefore revenue recognition, by at least six months. We do expect this combination of factors to lead to subdued earnings and ROE in the current financial year. However, we remain confident that the steps we have taken to strengthen your company's balance sheet, enhance its project pipeline, and build its execution capabilities will help us ensure high returns, lower risk, and sustainable growth.

We are prepared to withstand a possible downturn in the sector – however bad it gets – but would also like to focus on being able to capture opportunities that will arise as a result of this crisis. The most important opportunity will be to gain market share. We will ensure that financial stability takes precedence, but do believe there will be interesting opportunities to deliver both these goals in the current financial year.

We believe in creating value by taking constant efforts towards building capabilities and developing our competitive edge over peers with the help of bringing in diversity and transparency in doing business and would continue to do so in order to become a stronger entity than we were yesterday.

On behalf of the Board, I thank the entire team at Hazoor Multi Projects Limited for showing their faith by giving constant support and encouragement. I also take the pleasure to thank the employees for their tireless efforts towards achieving our goals.

Best regards, Sd/-Gazala Mohammed Irfan Kolsawala (Chairperson)

#### ITEM NO. 7

Regulation 31 A of the SEBI (Listing Obligations and disclosure Requirements) Regulations, 2015 (hereinafter referred to "Listing Regulations, 2015", has provided a regulatory mechanism for re-classification of Promoters as Public shareholders subject to fulfilment of conditions as provided therein.

In this regard, the Company received applications from the following promoter group person/entities pursuant to Regulations, 31 A of the Listing Regulations, 2015 re-classifying them under the Public Category since their name have been included as a part of the Promoter and Promoter group.

| Name of the Shareholder      | No. of Shares Held | % of the Paid up Capital |
|------------------------------|--------------------|--------------------------|
| Optilum Business Enterprises | 5000               | 0.02%                    |
| Private Limited              |                    |                          |

The aforesaid shareholder is independent and is not connected, directly or indirectly whatsoever with any activity of the Company. Further the other persons/corporate in the Promoter Group of the Company do not have any control over the affairs and decision making process of these above referred shareholders.

The above referred shareholder do not directly or indirectly exercise control, over the affairs of the Company. They hold less than 10% holding in the company. They are also not holding any post on board as well as Key Managerial Personnel in the Company. They also do not have any special rights through formal or informal; arrangements with the company or Promoters or any person/corporate in the Promoter Group. Also the Promoters have no interest in the profession/ business being carried on by these Applicants. Also they are not willful defaulters as per RBI and fugitive economic offender.

In view of the explanations given by the applicants as detailed above and in consideration to the conditions as stipulated in Regulation 31 A of the Listing Regulations, 2015 the Board of Directors of the Company at their meeting held on 30<sup>th</sup> May, 2020 have approved the applications for reclassification received by the Company as above from Promoter and Promoter group category to Public category subject to approval by the members and relevant regulatory authorities. As required, intimation has been sent to Stock Exchange based on declaration received from the aforesaid persons/entities.

None of the concerned persons/entities, acting individually and in concert, directly or indirectly exercise control over the management and affairs of the Company.

Further as per Rule 19A of the Securities Contracts (Regulation) Rules, 1957, the public shareholding as on the date of the notice fulfils the minimum public shareholding requirement of at least 25% and the proposed reclassification does not intend to increase the Public Shareholding to achieve compliance with the minimum public shareholding requirement.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of the Notice.

The Board commends item no. 7 for consideration and approval of the shareholders.

#### **ITEM NO. 8 & 9**

The Board of Directors of the Company proposes to consolidate the Equity Shares of the Company by which the face value of 2 equity share would be Rs. 10/- (Rupees Ten only). Accordingly, 5(Five) equity shares of face value of Rs. 4/- (Rupees four only) each fully paid-up, of the Company existing on the Record Date shall stand consolidated into 2 (Two) equity share of face value of Rs. 10/- (Rupee Ten only) each fully paid-up.

The Board considers that the proposed consolidation would benefit shareholders as follows:

**Greater Investor Interest**: The proposed share consolidation will result in a trading price that better reflects its maturity and also increase the profile of the Company amongst the institutional investors and the coverage of the Company amongst research houses and fund managers as the trading price per share is expected to be higher than the trading price per existing share.

**No effect of Consolidation on the Shareholders' Funds**: The proposed share consolidation will not involve payment to any shareholder of any paid-up capital of the Company, and has no effect on the shareholders' funds of the Company. Shareholders will not be required to make any payment to the Company in respect of the proposed share consolidation. Each consolidated share will rank pari passu in all respects with each other.

**Stable market cap in the interest of shareholders**: The proposed share consolidation will generally be beneficial to its Shareholders as it may serve to reduce the fluctuation in magnitude of the Company's market capitalization. This may, in turn, increase market interest in the shares and generally make the shares more attractive to investors.

**Rationalization of the share capital of the Company**: The proposed share consolidation will also rationalize the share capital of the Company by reducing the number of shares outstanding. As a result of the proposed share consolidation, there would be an immediate reduction in the number of shares. Hence, the Company shall benefit from easier management of a smaller number of shares. Further, it believes that overhead costs incurred on servicing the fragmented minority shareholding will be reduced significantly post consolidation.

**No impact on dividend yield**: The share consolidation will have no impact on the effective dividend yield of the Company's shares, all else being equal. The proposed consolidation requires consequential amendment to the Memorandum of Association of the Company. Accordingly, Clause V of the Memorandum of Association is proposed to be altered in the manner set out in the Resolution at Item No. 8, to reflect the alteration in the authorized equity share capital of the Company as reproduced herewith:

**V**. The Authorized Share Capital of the Company is Rs.20, 00, 00,000/- (Rupees Twenty Crores Only). divided into 1,70,00,000 (One Crore Seventy Lacs Only) Equity Shares of Rs.10/- (Rupees Ten Only) each and 30,00,000 (Thirty Lacs Only) Unclassified Shares of Rs.10/- (Rupees Ten Only) each with powers to increase and reduce the Capital of the Company and to divide the shares in the Capital for the time being into several classes and attach thereto respectively such preferential, deferred, qualified or special rights, privileges or conditions as may be determined by or in accordance with the Articles of Association of the Company for the time being in force and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may be permitted by the Act or by the Articles of Association of the Company for the time being in force.

The Record Date for the aforesaid consolidation of the equity shares will be fixed by the Board after the approval of the Members. On the record date all fractional entitlements resulting from the consolidation shall be aggregated into whole shares and the number of shares so arising shall be held by a trustee appointed by the Board who shall dispose of the said shares in the market at the best available price in one or more lots and the decision of the Trustee in this regard shall be final and binding to all concerned. The Trustee shall hold the net sale proceeds of all such shares after deducting therefrom all costs, charges and expenses of such sale and

shall thereafter distribute such sale proceeds to the members of the Company in proportion to their fractional entitlements.

The Board is of the opinion that the aforesaid resolutions for consolidation of 5 (Five) equity shares of face value of Rs. 4/- (Rupees Four only) each fully paid-up of the Company into 2 (Two) Equity Share of Rs. 10/- (Rupees Ten only) each fully paid-up and the consequent amendments to Clause V of the Memorandum of Association of the Company are in the best interest of the members and hence recommends the special resolution as set out at Item No.8 and 9 of the Notice for your approval.

The existing Memorandum of Association ("MOA") was based on the Companies Act, 1956 and several clauses / regulations in the existing MOA contain references to specific sections of the Companies Act, 1956 and which are no longer in force. Hence, it is considered expedient to amend MOA to some extent which shall be in conformity with the new companies Act, 2013. The proposed new draft MOA is being uploaded on the Company's website for perusal by the shareholders. A copy of Memorandum of Association of the Company along with the proposed amendments is available for inspection for the members of the Company at the Registered Office of the Company on all working days between 11.00 a.m. to 1.00 p.m. upto Thursday, 24th September, 2020.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 8 & 9 of the Notice.

The Board commends item no. 8 & 9 for consideration and approval of the shareholders.

# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### **GLOBAL ECONOMY**

The global economies are facing a synchronized slowdown, resulting from a variety of factors affecting the world. The outbreak of coronavirus 2019 (COVID19) has globally disrupted people's lives, interrupted businesses and jeopardized decades of development progress. According to The World Economic Outlook (WEO) update, global economic growth has been downgraded to 2.4% in 2019, which is its slowest pace since the global financial crisis of 2008. The decline in growth is the outcome of rising trade tensions between large economies, rising uncertainty surrounding trade and geopolitical issues; along with individual macroeconomic problems such as low productivity growth in emerging economies and aging population in advanced economies. To add to the existing issues, the pandemic outbreak has worsened the economic environment. The crisis is the result of the needed containment measures that forced policymakers to take extreme steps in the form of huge fiscal stimuli to encourage economic activity. With considerable uncertainty around the world due to the pandemic, its macroeconomic fallout, and the associated impact on financial and commodity markets, the World Economic Outlook has estimated global growth to decline by 5.2% in 2020 before recovering by 4.2% in 2021.

In China, the containment efforts such as quarantine and widespread restrictions on travel, have resulted in unplanned delays in restarting factories after the Lunar New Year holiday and sharp cutbacks in many service sector activities. With the existing slowdown visible across the globe, the pandemic is expected to have severe consequences on the world economy leading to lay-offs, reduction in capex by companies and delay in discretionary purchases. The economic activity in U.S. and Eurozone economies is expected to fall sharply as these economies undertake measures to contain the outbreak.

#### **INDIAN ECONOMY**

The Indian economy decelerated sharply in the fourth quarter at 3.1%, lowest in almost 17years, after growing at 4.1% in Q3 FY20. As per the Central Statistics Office (CSO), GDP growth for FY20 stood at an 11-year low of 4.2% lower than the government projection of 5.0% in both first and second advance estimates. The country's fiscal deficit worsened to 4.59% of GDP, much beyond the targeted 3.8% of GDP and expected to worsen further with the dip in tax collection and revenue shortage due to the subsequent effects of lockdown on the economy. The core sector contracted by a record 38% in April as the lockdown hit all eight infrastructure sectors. According to the CSO, country's factory output growth contracted to 0.7% in FY20, as against expansion of 3.8% in FY19. Consumer durables output, an indicator of urban demand, contracted by 8.4% in FY20, compared with a growth of 5.5% in FY19.

According to the Asian Development Bank, India's GDP growth is projected to contract by 4.0% in FY2021 before recovering sharply to 6.2% in FY2022, on the assumption of recovery from the pandemic in the second half of 2020. With the lockdown scenario, consumption and investments are expected to be severely impacted in the first quarter. The gross fixed capital formation is likely to decline with rising risk perception and uncertainty around the pandemic. RBI has cut the repo rate by 40 bps to 4.0% in May 2020, which is the lowest ever and rolled out a range of measures to preserve financial stability and counter the economic impact of COVID19. The central bank has undertaken open market operations and US dollar-rupees was to ensure adequate rupee and dollar liquidity during the recent global sell-off. While there is gloom in the near term with the unprecedented situation led by the outbreak, domestic demand will rebound strongly once the pandemic passes and full economic activity resumes. The historical corporate tax cuts introduced in September 2019 are expected to encourage domestic and foreign private investments in the long run. Also, the alternative tax regime introduced in the latest budget is expected to increase household disposable income, thereby boosting private consumption, and potentially expanding the tax base. FY20 inflation stood at 4.8%, below the RBI's upper target limit and is expected to fall further in the current year with declining crude prices and slump in domestic demand, making the rate cuts more favorable. Prices for some manufacturers are likely to increase with supply disruption and rupee depreciation. The country's exports of goods and services are expected to improve once the global economies recover from the shocks of the pandemic. While the long term outlook looks robust for the country, a prolonged COVID19pandemic would push the global economy into deep recession and further slow Indian growth.

#### **REAL ESTATE SECTOR**

The Indian real estate sector has been trying to get back omits feet and come to terms with multiple reforms and changes brought in by demonetization, RERA, GST, IBC, NBFC crisis and the subvention scheme ban. While it was a tough task for the sector to align itself with these new regulations, the measures have been instrumental to bring transparency, accountability and fiscal discipline over the last few years. Prior to COVID19, the real estate sector was expected to grow to USD 650 billion and contribute around 13% of India's GDP by 2025 (from around 6-7% in 2017), according to ANAROCK Research.

Over-reliance on NBFC funding led to severe funding issues after the IL&FS default, wherein RBI had asked NFBCs to bring down their exposure to real estate sector. The share of NBFC loans to real estate which plunged to 46% of total credit to real estate sector in 2018-19, is expected to further comedown. Current coronavirus outbreak is expected to derail the sector's growth momentum in the short term due to its impact on the overall slowing economy. According to industry estimates, 90% of the workforce employed in real estate and construction sector is engaged in the core construction activities, while the rest 10% is involved in other ancillary activities. Since majority of the workers are immigrants, labor shortage could possibly pose a major challenge for the sector post COVID19 lockdown.

While the pandemic outbreak could temporarily disrupt the sector, there are certain green shoots in this adverse situation. The recent liquidity crisis has worsened the situation for smaller players which were anyway finding it difficult to adhere to new norms laid by RERA leading to a new wave of consolidation. Industry consolidation is likely to get accelerated further with the COVID19 outbreak and many weak players may cease to exist. Larger established players with strong access to funding are expected to gain market share. Also, the current situation is expected to open up a lot of business development opportunities for well capitalized developers.

#### **RESIDENTIAL REAL ESTATE MARKET**

The Indian residential sector has been grappling with subdued demand for the past few years and the recent developments (ongoing impact of NBFC crisis and COVID19) have made things even more difficult for the sector. According to theproperty research firm Knight Frank, the total sales volume in the top eight cities increased by a modest 1% in CY2019to 245,861 units as the sector continued to be impacted by the prolonged crisis in the NBFC sector. While certain measures such as the consecutive rate cuts by the RBI, the reduction of GST rates to 1% for affordable housing and 5% for others and the setting up of an Alternative Investment Fund (AIF) have helped home-buyer sentiments, they've had little impact on the sales for the sector. New launches increased by23% to 223,325 units across eight cities including Mumbai, Bengaluru and the National Capital Region (NCR). This came after a sharp jump in launches in year 2018 (+76% YoY) when the sector started coming to terms with the RERA regime. Ahmedabad witnessed the sharpest growth in new launches at 176%, followed by Hyderabad which recorded launch growth at 150%.

The growth in residential prices in most of the top eight cities of India has been below retail inflation growth since CY2016, with the gap only widening since H1 2016. Hyderabad has been the only market to beat the trend and register residential price growth over the retail inflation level. According to an affordability benchmark study by Knight Frank India, ideal affordability is identified at 4.5 times the average annual household income in a city and except for Mumbai, NCR and Hyderabad, all other markets are below the ideal affordability benchmark. While Mumbai continues to be the most expensive housing market with affordability index of 7.1, it has seen affordability of homes significantly improve from 11 times the annual household income in 2010. NCR and Hyderabad are marginally above the benchmark affordability with scores of 5 each, while Bengaluru has an affordability index of 3.9.The affordability levels have risen the most for Pune at just 2.5times of their average household incomes.

#### **COVID19 Impact on Residential Real Estate**

COVID-19 has severely hit residential real estate business and the sector has come to a standstill in the short term. While the sector was coming out of the woods after the liquidity crisis initiated by the IL&FS fiasco and subsequent fallouts of various financial institutions, the pandemic outbreak could further impact residential sector.

#### **OFFICE MARKET**

The Indian office market has been fairly resilient from the broad macro concerns due to slowdown in the economy and gained strong traction in CY2019 with record supply hitting the market during the year, according to a report by Knight Frank. The office space supply rose sharply by 56% YoY to 61.3 million. ft. in

CY2019. The office sector also witnessed highest ever transaction activity of 60.6 million sq. ft., up 27% YoY. The Hyderabad office market particularly witnessed a very strong year, recording transactions to the tune of 12.8 million sq. ft. (up 82% YoY), which is nearly twice its previous high. The IT/ITeS sector contributed around 41% of transacted volume inH2 2019, while share of BFSI dipped to 16% resulting from NBFC crisis and credibility issues with some banks. Co-working space continued its growth momentum, accounting for 12% of the total transactions, up from 8% in the previous year.

# OPPORTUNITIES Consolidation

The Indian real estate sector has been in a consolidation phase from the past few years and picked up pace resulting from several reforms and disruptions in the sector. After the IL&FS default, NBFCs have been mandated by RBI to reduce their exposure to real estate sector, which has created funding issues for smaller real developers who anyway do not have access to bank funding. In such cases, these players face a double whammy – issues in construction funding on one hand and existing deal cancellations due to halt in construction activity on the other hand. This opens up new avenues of growth for organized developers with healthy balance sheets and execution track record to take over the projects of smaller developers at attractive valuations. It allows them to increase their portfolio offering and improve home-buyer confidence. The ongoing consolidation is expected to accelerate further amidst COVID19 and established, well capitalized players stand to gain further market share.

# Affordable housing

Affordable housing continues to remain a significant opportunity for players and key focus area of government, as major short supply of housing lies in the economically weak and low-income segments. The government's constant push for affordable housing has shifted the focus from high-end and luxury segments to the affordable segment. According to ANAROCK research, during the past 5 years, the share of launches in the affordable segment across the top 7 cities of India, has risen from CY35% in 2013 to 40% in CY2019. This share is expected to increase further in the near future owing to subsidies provided by government to promote affordable housing. In Budget 2020, the government announced several measures to boost affordable housing. In its attempt to boost the affordable housing demand, the government has proposed to extend additional tax benefit of INR 1.5 lakh on interest paid on affordable housing projects, the Government has extended the date of approval for these projects for availing tax holiday on profit earned by developers by one year till March 2021.

#### **Digital Real Estate Sales**

With the rapidly evolving marketing landscape, digital marketing tools have emerged as important tools for real estate companies to amplify their sales and reach out to customers globally. With a sharp focus on building consumer experience and connection through digital means, established brands will be ahead of the curve, giving a competitive edge to their business. According to the report 'Real Estate in a Digital Age', around 94% of millennials and 84% baby boomers searched for their future homes online. Social media platforms can be extensively used to promote listings, maintain relationships with existing customers and find new prospects. The recent lockdown due to COVID19 has forced real estate companies to focus much more on digital marketing and online platforms

#### **Monetary Easing**

The real estate sector performance is closely linked to the country's economic fundamentals and monetary policies. The Reserve Bank of India cut its benchmark repo rate by 250 bps since February 2019 to 4.0%, which is the lowest ever repo rate in its attempt to support the slowing economy from further deterioration due to COVID19. Monetary easing initiatives are expected to provide an impetus to housing demand once the economy revives and encourage home buyers and real estate developers.

# THREATS & CHALLENGES Regulatory Hurdles

Unfavorable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regards to land acquisition, land use,

project launches and construction approvals. Retrospective policy changes and regulatory bottlenecks may impact profitability and affect the attractiveness of the sector and companies operating within the sector.

#### Funding

The lending to real estate developers by NBFCs and HFCs fell by almost half to about INR 27,000 crore in FY19, triggered by the IL&FS crisis, according to a report by property consultant JLL. This NBFC crisis has further deteriorated the liquidity situation for smaller developers who had to resort to alternative funding in absence of long term loans from banks. While established developers with lean balance sheets continue to have funding access, many developers are facing significant liquidity pressure.

#### **COMPANY'S PERFORMANCE AND PROJECTS**

The Company is in pursuit for entering into joint development agreements, formulating business associations, identifying affordable housing projects.

Pending the identification of housing projects, the Company had deployed the available funds by way of investment in quoted shares but due to market fluctuations, the Company has profit of Rs. 5.22 Lacs in FY 2019-20 in accordance with Ind-AS as explained further in significant accounting policies.

# FINANCIAL REVIEW Revenue & Profitability

The Gross Revenue from operations for F.Y 2019-2020 was placed at Rs. 34.73 lakhs (Previous Year Rs. 17.80 lakhs). The Profit after tax stood at Rs. 5.22 lakhs (Previous year loss was Rs. 11.36 lakhs).

#### **Balance Sheet**

Your Company's Balance Sheet as on March 31, 2020 reflected with a net worth of 2216.31 Lacs. The Company does not have any debt as on March 31, 2020.

#### INTERNAL CONTROL SYSTEM AND ADEQUACY:

The Company has implemented an internal control framework to ensure all assets are safeguarded and protected against loss from unauthorized use or disposition, and transactions are authorized, recorded and reported correctly. The frame work includes internal controls over financial reporting, which ensures the integrity of financial statements of the company and reduces the possibility of frauds. The Corporate Audit & Assurance department issues well documented operating procedures and authorities with adequate built-in controls. These are carried out at the beginning of any activity and during the process, to keep track of any major changes. As part of the audits, they also review the design of key processes, from the point of view of adequacy of controls. The internal controls are tested for effectiveness, across all our project sites and functions by the Corporate Audit team, which is reviewed by the management from time to time, for corrective action.

#### **THREATS, RISKS AND CONCERNS**

#### **1. Industry Cyclicality**

The real estate market is inherently a cyclical market and is affected by macroeconomic conditions, changes in applicable governmental schemes, changes in supply and demand for projects, availability of consumer financing and illiquidity. Your Company has attempted to hedge against the inherent risks through a business model comprising joint ventures, residential platforms, and development management through a pan- India

presence. However, any future significant downturn in the industry and the overall investment climate may adversely impact business.

#### **2. Statutory Approvals**

The real estate sector in India is heavily regulated by the central, state and local governments. Real estate developers are required to comply with a number of laws and regulations, including policies and procedures established and implemented by local authorities in relation to land acquisition, transfer of property, registration and use of land. These laws often vary from state to state. Several of your Company's projects are in preliminary stages of planning and any delay in obtaining approvals could warrant revised scheduling of project timelines.

#### **OUTLOOK**

As the real estate sector continues to tackle the existing issues created by the aftershocks of the liquidity crisis and resulting disruption of COVID19, we see an opportunity for well established players in the industry. The start of FY2021may be muted due to the lockdown and subsequent impact on economy. The pace of rise in this in the sector is also expected to accelerate further and we expect to gain market share. Also, amidst CODIV19 and prevailing liquidity crunch, the visibility on business development is getting stronger and we hope to add several projects to our portfolio in FY2021. Our focus on our core markets, strong brand and existing portfolio leaves us on a strong foot to take advantage of this opportunity.

#### **Material Development in Human Resources**

Your Company firmly believes that its human resources are the key enablers for the growth of the Company and important asset. Hence, the success of the Company is closely aligned to the goals of the human resources of the Company. Taking into this account, your Company continued to Invest in developing its human capita and establishing its brand on the market to attract and retain the best talent.

Employee relations during the period under review continued to be healthy, cordial and harmonious at all levels and your Company is committed to maintain good relations with the employees.

#### **CAUTIONARY STATEMENT:**

#### INDEPENDENT AUDITOR'S REPORT

#### To the Members of Hazoor Multi Projects Limited

#### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the financial statements of **HAZOOR MULTI PROJECTS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the statement of Profit and Loss, statement of changes in equity, statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit/loss, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter - Effects of COVID-19**

We draw attention to Note 26 of the standalone financial statement in which the Company describes the uncertainties arising from the COVID 19 pandemic. Our report is not modified in respect of this matter.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in

the **"Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- 2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
  - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015, as amended.
  - (e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company does not have any pending litigations which would impact its financial position.
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## ANNEXURE"B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under Report on Other Legal and Regulatory Requirements section of our report to the members of Hazoor Multi Projects Limited of even date)

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of HAZOOR MULTI PROJECTS LIMITED ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or

timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **Other Matters**

1. Refer Emphasis of Matter paragraph on Effects of COVID-19 in the Independent Auditor's Report.

2. COVID 19 pandemic has resulted in a different and unique working environment which required performance of selective audit procedures remotely and to that extent there is an impact on testing.

#### Rights, preferences and restrictions attached to shares

**Equity shares:** The Company has one class of equity shares having a par value of Rs. 4 per share. Each shareholder is eligible for one vote per share held. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding. However, no such preferential amounts exist currently. The distribution will be in proportion to the number of equity shares held by the shareholders.

#### Nature and Purpose of

#### Reserves

(a) Capital Reserve: The Companies Act, 2013 requires the company to create capital reserve based on statutory requirement. This reserve is not available for Capitalisation/declaration of dividend/ share buy-back.

(b) General Reserve: The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act 1956. Mandatory transfer to general reserve is not required.

(c) Securities Premium Reserve: The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve.

(d) Retained Earnings: Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

(e) FVTOCI Equity Investments: The company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the FVTOCI Equity Investments reserve within equity. The company transfers amount from this reserve to retained earnings when the relevant equity securities are derecognized.

The carrying amounts of trade receivables, cash and bank balances, loans, and trade payables are considered to be approximately equal to the fair value.

#### I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are

(a) recognised and measured at fair value and,

(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the Indian accounting standard. An explanation of each level is as follows :

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

#### II. Valuation techniques used to determine fair value

Significant valuation techniques used to value financial instruments include:

• the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet

date.

- o Use of quoted market price or dealer quotes for similar instruments
- o Using discounted cash flow analysis.

The fair values computed above for assets measured at amortised cost are based on discounted cash flows using a current borrowing rate. They are classified as level 2 fair values in the fair value hierarchy due to the use of unobservable inputs.

#### 24 Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

#### A. Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The company is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities (deposits with banks and other financial instruments).

#### Credit risk management

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The Company's maximum exposure to credit risk as at 31st March, 2020 and 2019 is the carrying value of each class of financial assets.

#### i Trade and other receivables

Credit risk on trade receivables is limited based on past experience and management's estimate.

Ageing of trade and other receivables that were not impaired was as follows.

| Carrying amount               | 31-Mar-20  | 31-Mar-19 |
|-------------------------------|------------|-----------|
| Neither Past due nor impaired | -          | 20,000    |
| Past due but not impaired     | -          | -         |
| Past due more than 180 days   | 73,238,574 | 747,986   |
| TOTAL                         | 73,238,574 | 767,986   |

#### ii Cash and Cash Equivalents

The Company held cash and bank balance with credit worthy banks of Rs. 7,52,090.33 at March 31, 2020 (March 31, 2019: Rs. 53,30,670.2). The credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks where credit risk is largely perceived to be extremely insignificant.

#### **B. Liquidity risk**

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities – trade payables.

#### Liquidity risk management

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. A material and sustained shortfall in our cash flow could undermine the Company's credit rating and impair investor confidence.

The Company maintained a cautious funding strategy, with a positive cash balance throughout the year ended 31st March, 2020 and 31st March, 2019. This was the result of cash delivery from the business. Cash flow from operating activities provides the funds to service the financing of financial liabilities on a day-to-day basis. The Company's treasury department regularly monitors the rolling forecasts to ensure it has sufficient cash on-going basis to meet operational needs. Any short term surplus cash generated by the operating entities, over and above the amount required for working capital management and other operational requirements, are retained as cash and cash equivalents (to the extent required).

#### C. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments.

#### i Currency Risk

The functional currency of the Company is Indian Rupee. Currency risk is not material, as the Company does not have any exposure in foreign currency.

#### ii Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

#### Exposure to interest rate risk

According to the Company interest rate risk exposure is only for floating rate borrowings. Company does not have any floating rate borrowings on any of the Balance Sheet date disclosed in this financial statements.

#### iii Price Risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in quoted instruments.

#### a Fair value sensitivity analysis for fixed rate Instruments

The Company does not account for any fixed rate financial assets or financial liabilities at fair value through Profit or Loss. Therefore, a change in interest rates at the reporting date would not affect Profit or Loss.

#### b Cash flow sensitivity analysis for variable rate Instruments

The company does not have any variable rate instrument in Financial Assets or Financial Liabilities. The company is exposed to price risk from its investment in equity instruments classified in the balance sheet at fair value through other comprehensive income.

#### 25 Capital Management

The company's objectives when managing capital are to

• safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

• maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Company is based on management's judgment of the appropriate balance of key elements in order to meet its strategic and day-today needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

#### 26 Impact of COVID:

The company has assessed the impact of COVID- 19 on its financial statement based on the internal and external information upto the date of approval of these financial statements and the company believes that the probability of the occurrence of their forecasted transactions is not impacted by COVID-19 pandemic.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

## A. <u>Company Overview:-</u>

Hazoor Multi Projects Limited (the 'Company') is a Company limited by share, incorporated and domiciled in India with its registered office located at 601-A, Ramji House Premises CSL, 30, ].S.S. Road, Mumbai - 400002. The Company is engaged in the business of Infrastructure and Real Estate.

## B. Basis of Preparation & Measurement:

The financial statement has been prepared in accordance with Indian Accounting standards (hereinafter referred to as the 'Ind AS') notified by the Ministry of Corporate Affairs under section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and the relevant provisions of the Act.

The financial statement has been prepared on an accrual system, based on the principle of going concern and under the historical cost convention, unless otherwise stated.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

## C. Critical Accounting Estimates and Judgments

The preparation of financial statements in accordance with Ind AS requires management to make certain judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates, with the differences between the same being recognized in the period in which the results are known or materialize. Continuous valuation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Information about areas involving a higher degree of judgment or complexity or critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities are included in the following notes:

- (a) Estimation of useful life Note on Property, Plant and Equipment
- (b) Recognition of deferred tax assets Note on Deferred Tax

## D. Significant Accounting Policies:

The principal accounting policies adopted in the preparation of the financial statements are set out below. The policies have been consistently applied to all years presented, unless otherwise stated. The presentation of financial statements requires the use of certain accounting estimates. The areas where significant judgments and estimates have been made in preparing the financial statements and their effects are disclosed.

## **1.** Property Plant & Equipment:

## (a) Initial Measurement & Recognition

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of an item of Property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the assets to its working condition for its intended use with any trade discounts or rebates being deducted in arriving at purchase price. Cost of the assets also includes interest on borrowings attributable to acquisition, if any, of qualifying fixed assets incurred up to the date the asset is ready for its intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of Property, plant and equipment.

Cost of Property, plant and equipment not ready for intended use as on the balance sheet date, is disclosed as capital work in progress. Advances given towards acquisition of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under Other non-current Assets.

Any gain or loss on disposal of an item of property plant and equipment is recognized in statement of profit and loss.

## (b) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

## (c) Depreciation:

Depreciation is provided on the straight-line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013Depreciation on assets added/disposed off during the year is provided on prorata basis from the date of addition or up to the date of disposal, as applicable.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

## 2. Inventories

Inventories, if any, are valued at the lower of cost and net realizable value. Cost is computed on a weighted average basis. Cost of finished goods and work-in-progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

## 3. Cash and Cash Equivalents

Cash and cash equivalents are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

## 4. Financial Instruments:

## (A) Financial Assets

## **Recognition and measurement**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

- Amortized cost
- fair value through profit and loss(FVTPL)
- fair value through other comprehensive income(FVOCI)
- (a) Measured at amortized cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any, is recognised in the Statement of Profit and Loss.
- (b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and `1collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On de-recognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.
- (C) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

## 28<sup>th</sup> ANNUAL REPORT 2019-2020

#### Trade Receivables and Loans:

Trade receivables and loans are initially recognised at fair value. Subsequently, these assets are held at amortized cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

#### **Equity Instruments:**

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

## **De-recognition**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

#### **Impairment of Financial Assets**

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. For financial assets other than trade receivables, as per Ind AS 109, the Company recognizes 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in Statement of Profit and Loss, if any.

## (B) Financial Liabilities: Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortized cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortized cost, using the effective interest method.

#### Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or losses are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

## **De-recognition**

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

#### 5. Provisions and Contingent Liabilities

Provisions are recognised when the Company

- (a) has a present obligation (legal or constructive) as a result of a past event,
- (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and
- (c) a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot beamed.

## 6. Revenue Recognition

Export Sales are recognised on the date of Bill of Lading or other relevant documents, in accordance with the terms and conditions of the sales. Domestic sale of goods is recognised when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, after the deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value-added tax, etc. Revenue includes excise duty as it is paid on production and is a liability of the manufacturer, irrespective of whether the goods are sold or not. Discounts given include rebates, price reductions another incentives given to customers.

#### 7. Other Income

Interest income is recognised/accounted on accrual basis.

Dividend Income on investments is recognised for when the right to receive the dividend is established.

Interest on Investments is recognised on a time proportion basis taking into account the amounts invested and the rate of interest.

#### 8. Employee benefits/ Retirement Benefits:

Employee benefits include provident fund, superannuation fund, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

#### SHORT-TERM OBLIGATION:

Short-term employee benefits like salaries, wages, bonus and welfare expenses payable wholly within twelve months of rendering the services are accrued in the year in which the associated services are rendered by the employees and are measured at the amounts expected to be paid when the liabilities are settled.

## LONG-TERM OBLIGATION

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled. Long Service Awards are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

#### **DEFINED CONTRIBUTION PLANS**

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

## 9. Impairment of Non-Financial Assets:

Assessment for impairment is done at each Balance Sheet date as to whether there is any indication that a non-financial asset maybe impaired. If any indication of impairment exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognizing the impairment loss as an expense in the Statement of Profit and Loss. Recoverable amount is higher of an asset's or cash generating unit's fair value less cost of disposal and its value in use. Value infuse is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life.

Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. An impairment loss recognized for goodwill is not reversed in subsequent periods.

## **10.** Taxation:

Income tax expense for the year comprises of current tax and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent it relates to a business combination or to an item which is recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable/receivable on the taxable income/ loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years. Interest income/ expenses and penalties, if any, related to income tax are included in current tax expense.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is recognized using the tax rates enacted, or substantively enacted, by the end of the reporting period.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets assetsandthedeferredtaxliabilitiesrelatetoincometaxesleviedbythesametaxationauthority.

## **11.** Earnings per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

## **B.** Other Notes on Accounts:

- 1) In the opinion of the management, the current assets, loans and advances have the values on realization in the ordinary course of business at least equal to the amounts at which they are stated in the balance sheet, except for trade receivables and loans and advances which are covered under the management's policy in respect of bad and doubtful debts as taken in the previous years, if any.
